

4-YEAR GOVERNOR TERM APPROVED

A favorable report on a bill by Representative Hooper, of Fulton, under which the term of governor would be made four years, the first executive to come under its provision being in 1930, was given Thursday night by the house constitutional amendments committee.

The bill as originally written would have made a governor eligible to succeed himself once, but an amendment was offered by Representative Erwin Clarke, which would prohibit the governor succeeding himself either directly or after a lapse of four years.

Action was deferred on the house bill to prohibit introduction of local and special bills in the general assembly. The senate passed the same bill today.

Date of marriage to a Confederate veteran under which a widow might receive a state pension would be advanced from 1881 to 1885 under a bill favorably reported.

The committee killed the bill which would abolish grand juries, leaving criminal trials by accusation.

The bill to consolidate the court of appeals and the supreme court, the members of each to be appointed by the governor and serve for life, was sent to a subcommittee.

A radical view of the president's action is given in a statement by Benjamin C. Marsh, of the farmers' national council. Marsh has been identified with the La Follette group.

"President Coolidge's recognition of the fact that American agriculture is doomed by American industrialism," said Mr. Marsh, "that no man can serve two masters, and that he is committed to industrialism, while the wheat-growing states determine who is to be president, explains his renunciation of a third cup of coffee."

SILENCE CONTINUES AT COOLIDGE HOME.

Deadwood, S. D., August 4.—(P)—Silence which promises to continue for a long time prevailed with President Coolidge again today regarding his announcement of Tuesday that he did not choose to run for president in 1928.

Taking the day off for a visit to the frontier days celebration here, Mr. Coolidge dropped contact with the outside world except for reading a few messages telling of the adjournment of the Geneva naval armaments conference.

A dispatch of the Associated Press telling of the announcement by Henry Ford that he endorsed Herbert Hoover for the republican nomination was passed on to Mr. Coolidge before he boarded the train late today for the return to the state game lodge, but he read it in silence and without change of expression.

If the president has in mind any individual whom he would prefer to suggest as his successor, he has left his

close associates still somewhat amazed by the suddenness and unexpectedness of his Tuesday declaration. There is a state of nerves in the summer white house camp and there are few who will do any more prophesying about what Mr. Coolidge might do.

It is admitted, however, that he is the titular head of the party and in a position to go a long way in dictating the republican party nominee at the convention next June if he would. But there is every indication that he has said his say and is prepared to let the people have theirs.

FRANK LOWDEN AND FRIENDS CONFER.

Chicago, August 4.—(P)—Frank O. Lowden, former governor of Illinois, and frequently mentioned as a candidate for the republican presidential nomination, conferred here today with friends advancing his interests, but no information as to his intentions was obtainable.

Those attending the conference would not commit themselves on the day's discussion. Consensus among the conferees was a delegation from Iowa, headed by Major Frank Lund, of Des Moines, and Clarence F. Buck, Illinois state senator, Lowden would not add to previous declarations that no man has yet run away from the presidency.

A conference, however, was considered to have an important bearing upon the former Illinois executive's actions. He hurried here from his summer home near Alexandria Bay, N. Y., especially for the meeting.

He said he expected to return to Alexandria Bay tomorrow. A long friendship between Lowden and Vice President Charles G. Dawes will prevent the latter from entering the race for the republican nomination so long as the former is a possibility, says the Daily News today.

"Should the nomination come to either it would be accepted," continued the paper.

HERBERT HOOVER BACKED BY FORD.

Detroit, Mich., August 4.—(United News).—Herbert Hoover is the "logical republican candidate," Henry Ford said today. The automobile manufacturer also said he believed President Coolidge was sincere in his desire to retire from office at the close of his present term.

"This is a business generation and Hoover is a business man," Ford said. "His experience as engineer, business administrator and cabinet member has really been a training for the presidency. He is the type of man to succeed Calvin Coolidge."

Hoover is in the prime of life, Ford said, and pointed to the many difficult tasks the secretary of commerce has handled, both while a member of the cabinet and while a private citizen.

"The American people have thought of him subconsciously as presidential material for years," said Ford, who believes President Coolidge's announcement that he "did not choose" to run in 1928 was not meant to receive the many interpretations that have been read into it.

"It is a poor compliment to his character to twist his words from

their plain meaning or to seek a loophole by which that meaning may be escaped," said Ford.

"In the time and manner of his announcement," Mr. Coolidge has allowed the country ample time for consideration of his successor," the automobile magnate said.

COLEMAN DUPONT GIVES HIS VIEW.

Wilmington, Del., August 4.—(P)—United States Senator Coleman Dupont, republican national committee man from Delaware, declared in a telegram to Every Evening from Asheville, N. C., President Coolidge was choice for the presidential nomination next year.

"My choice is Coolidge. Believe and hope he will be selected. If so, he has no choice but to serve," the message read.

than the right of domain measure?" inquired the chairman.

"I do," Mr. Randolph said. "I am now convinced that private citizens can't do a public job. They will meet with failure."

Asked what in his opinion would be the effect upon other states of the state of Georgia taking over the work, Mr. Randolph stated that he had been in constant touch with the governors of southern states in regard to the work and that he was "satisfied that governors of other states would welcome the memorial and stopping this squabbling."

Mr. Randolph said it was estimated that it would cost \$250,000 to complete the memorial project and that the association had on hand \$200,000 in cash and subscriptions.

He said it was planned to complete the project during next year, and that it was intended to hold unveiling exercises for the central group on next June 3. This was brought out when the committee questioned him as to when the association would need the plot of ground sought for a public park. He said they would certainly need the ground by January 1, 1929.

Randolph's Statement.

The statement of Mr. Randolph follows: "To the honorable subcommittee of general judiciary committee No. 1 of the senate:

"The purpose of the bill introduced by Senators Lester, Bullard and Stovall was to acquire certain land lying just across the public road from the studio of the Stone Mountain memorial and probably certain land lying just west of the memorial proper. The total acreage involved is estimated at between 20 and 30 acres. The association desires this property to use as a sort of public park or parking place, it being generally conceded that the top of the hill in front of Stone Mountain, where the monument is being built is the most advantageous place from which to view the completed monument."

"Notwithstanding statements to the contrary, the association, in the spring of 1926, acting through Vice President E. Rivers, tried to buy this prop-

erty, or at least 15 or 20 acres of it. Mr. Rivers acted through the firm of Adams-Cates company. During the course of the negotiations, however, the association learned that Captain Walter G. Roper, about it, his wife, Mrs. Roper, being the owner of a one-fourth undivided interest in the property, and that the association had effect and it was then decided by the association to ask the legislature to give it the right of eminent domain, so as to place the association in a position where it could acquire the property through legal proceedings, if forced to resort to that method. At the time the bill was drafted the lawyers representing the association were of the opinion that a general bill was necessary to make the same constitutional—that is, a bill giving the association the right to condemn property generally and not near Stone Mountain. But afterward a legal way was devised and the association drafted the right of eminent domain to describe specific property wanted, as above.

Denies Extravagance Charge.

"Notwithstanding the charge and statements made that the affairs and business of the association had been handled, such is not the case. The connection with these loose charges and statements has been made to make it appear as if I was the sole person conducting the affairs of the association, but that is very far from the truth. I am only the president of the association and throughout have followed the instructions given me by first, the board of directors, and then the executive committee thereof. The board of directors consists of some 100 or more persons, and the executive committee some 15 or 20 prominent citizens of Atlanta, and Mrs. McKenzie, of Montezuma, Ga. A glance at the membership of the board of directors and the executive committee should be sufficient to any fair and impartial mind to completely set at rest any notion or idea that the affairs and business of the association have been wastefully or extravagantly managed."

"The board of directors and the executive committee are composed of the best business men in Georgia and the south. They are not men who conduct any business proposition extravagantly or wastefully, nor have they conducted the affairs of this association in any such manner as that."

Books Audited in 1926.

"As to the books and accounts of the association, they were audited in 1926, as far back as the spring of 1923, the Audit Company of the South was employed by the memorial association to audit the books and accounts at frequent intervals. This is one of the most competent and widely-known firms of certified public accountants in Atlanta. They have faithfully fulfilled their duties and have made some 10 or 15 systematic audits of the books and accounts of the memorial association. In every instance they have found the books and accounts of the association as being properly conducted; that its books and accounts were being properly kept, and that supporting vouchers were on hand for all disbursements. All of us have depended upon this firm for this important phase of the work, and the manner in which this firm of certified public accountants has discharged its duties has been satisfactory to all of us. On more than one occasion we have complimented Charles J. Metz, the president of the Audit Company of the South, on the care and thoroughness which he has uniformly displayed in the character of service he has rendered the association."

"In regard to the invitation extended to me by the subcommittee to be present at their meeting Monday, July 26, 1927, I was out of Atlanta in Virginia, Friday, Saturday and Sunday, previous to that day and did not return to Atlanta until the morning of Monday, July 28. I did not learn about the invitation extended me until about noon of that day. Before I left Atlanta I had made an agreement with Dr. Thormell, president of Oglethorpe university, to take lunch at the Piedmont hotel and confer with him about a matter he wished to discuss. Because of this engagement it was not possible for me to be with the committee at the time they had set for their meeting."

No Engagement With Trustees.

"I have never stated, nor authorized any one to state, that I had any engagement with the trustees of Oglethorpe university. How any such statement as that could have been made I am at a complete loss to understand, and I never made any such statement nor authorized any such to be made. I did state that I had a luncheon engagement with Dr. Jacobs, which would prevent me from being with the committee, which was the fact of the matter, as Dr. Jacobs, I am sure, would cheerfully enough state if consulted. When I found it was going to be impossible for me to appear before the committee, I asked John Ashley Jones, the chairman of the finance committee, to appear before them and express my regret at my inability to be present and to make the explanation above stated. Mr. Jones did appear before the subcommittee and he reported to me that it was agreed that a statement of the financial condition of the memorial association should be gotten up and filed with the subcommittee. Mr. Jones stated to me that he did not gather from what the subcommittee said that they wanted any more than just a general statement showing the association's financial condition. This, as he explained to me, to put the subcommittee in a position where it would have accurate knowledge and information on the ability of the memorial association to finish the construction of the central group."

"I then instructed Mr. Jones to see Mr. Metz and have him get up the statement requested by the subcommittee, as I understood it. It just so happened that Mr. Metz was out of Atlanta and did not return to the city until Wednesday, July 27, as I was advised. As soon as he got back to the city Mr. Jones saw him and Mr. Metz promptly got up the statement in accordance with the same, and I understand Mr. Jones in due course delivered this statement to Senator E. D. Rivers, chairman of the subcommittee."

Jones Supplying Data.

"I do not attempt to state the meeting of the subcommittee held on Friday, July 29, for the very good reason that I thought Mr. Jones was taking to the committee all that they asked for and as the matter was one having relation solely and only to the books and accounts of the association, I sincerely thought that the subcommittee could get all the facts, views and opinions along that line better from the chairman of the finance committee and from the auditor than they could from me."

"I have never had the slightest intention not to appear before the subcommittee, any more than I have ever had the slightest thought or intention not to appear before the full committee. As a matter of fact, I did appear twice before the full committee, and on both occasions stated all the facts, views and opinions I entertained pertinent to this bill. I have repeatedly stated this to my associates, some of whom I am confident have informed the subcommittee, or at least some members thereof, that these are my views—at least they have informed me they have so stated to some members of the subcommittee."

"Perhaps I should say in justice to my associates who comprise, as I have said before, some of the best and most prominent business men in Georgia and the south, and for that matter the entire south and the whole nation as well—that not a single one

of us has ever received a cent for our several years of service to the association with the single exception that Joseph A. McCord, the treasurer of the association, has received a salary of \$200 per month. This was considered by the committee as a modest amount to allow Mr. McCord for his work as treasurer, because as such he has to sign every voucher issued by the association and moreover is under a heavy bond for the faithful discharge of his duties.

"All the balance of us have done our work absolutely free. This statement includes all of the executive officers, each and every member of the executive committee and board of directors (except of course Mr. McCord). Our publicity representative, who has been in the employ of the association since May of 1923, at a salary then fixed by a special committee, who both employed him and arranged his compensation, receives no salary or compensation for the great amount of work he does as secretary. He was employed in the spring of 1923 on a fixed basis as a monthly salary, to act as the publicity representative of the association and his salary has never been increased during the subsequent years, but remains today as originally fixed by the special committee who employed him."

Thirty Years a Georgian.

"I have been a citizen of Georgia for about thirty years and during that time have been in the state almost every year to have many personal friends and acquaintances among the membership of both the house and senate. I entertain the warmest feelings of respect and esteem second to no man in Georgia for both these honorable bodies, for every committee, and for this honorable subcommittee, and each and every member thereof and esteem it a privilege, rather than otherwise, to be of service to this committee in furnishing them with all the information at my command, and for anyone to get the idea that I have been staying away from the meeting of the subcommittee is totally the wrong idea. I have striven earnestly and diligently in every way in my power to supply this honorable subcommittee with all the facts I know about, and with all the information at my command, and it will be a pleasure to me to continue to act in that way relative to this honorable committee."

As to the coin campaign, the association began its efforts in the spring of 1923 to dispose of the coins at one dollar each. A committee was appointed to look into this matter and, as a result of several months' investigation and negotiation, Mr. Harvey J. Hill, of New York, and Mr. Batchelor, both of New York, were engaged to handle the first coin drive. My recollection is they commenced work in March, and that work ended about the middle of the following June. I do not remember the exact number of coins they disposed of, but I think it was somewhere between 300,000 and 400,000, and their efforts resulted in quite a considerable amount, net, to the association."

Finances Not Strong.

"At the time these persons were engaged, the finances of the association were not strong and, in order to furnish the sums necessary to take care of the necessary expenses incident to the efforts of Messrs. Hill and Batchelor, about ten of the members of the executive committee indorsed, or guaranteed, the obligations of the association to the extent of about \$12,500 each. Based on the guaranty of the members of the executive committee, as stated, the association borrowed more than \$100,000 from the banks in Atlanta. The campaign was successful, although not as successful as was hoped for. All of these obligations to banks were paid off and quite a considerable amount, net, was left over."

"In July, 1925, I conceived the idea of inviting all the governors of the southern states to a conference in Atlanta. They accepted the invitation and all of them were present or represented at a meeting held at the Biltmore hotel. The governors took the greatest interest in the sale of the coin by the association has met with the case if no effort had been put forth by anybody to prevent the sale of the coins. Of course it would be merely a conjecture, but I give it as my opinion that the propaganda, which was put forth to prevent the sale of the coins, was put forth by the association from selling the coins cost the association the sale of a million coins, and very greatly increased the expense of selling any of the coins. I think that opposition multiplied by at least twice the expense of the sale of the coins that the association did dispose of."

"Although, around 1,300,000 coins have been disposed of in the several campaigns or efforts which have been put forth by the association since March, 1925. Due to a continuous, and what has appeared to be a thoroughly organized effort, the sale of the coins by the association has met with a sales resistance at least twice, and I am of the opinion three or four times as much as would have been the case if no effort had been put forth by anybody to prevent the sale of the coins. Of course it would be merely a conjecture, but I give it as my opinion that the propaganda, which was put forth to prevent the sale of the coins, was put forth by the association from selling the coins cost the association the sale of a million coins, and very greatly increased the expense of selling any of the coins. I think that opposition multiplied by at least twice the expense of the sale of the coins that the association did dispose of."

ADAIR TRUST CO. ASSETS \$397,056

The assets of the Adair Realty and Trust company, bankrupt, are worth \$397,056, according to an appraisal filed Thursday with Harry Dodd, referee in bankruptcy, by Robert J. Guinn, Henry B. Tompkins and J. T. Holleman, a committee appointed by the federal court to value the company. Capital stock of the Adair Realty and Trust company, organized to carry on certain departments of the bankrupt corporation, is valued at \$100,000 in the report.

The next move in the liquidation of the realty and trust company will be a petition by Eugene R. Blais, trustee, to Referee Dodd for permission to sell the assets of the company to satisfy creditors, although it is expected that pending developments in the litigation will hold up this action for several weeks.

The report of the appraisers lists assets of the company as follows: Cash on hand in banks, \$11,962.96; notes receivable, \$59,247.26; accounts receivable, \$17,321.96; and furniture and fixtures, \$3,561.46.

Federal Judge William H. Barrett, of Augusta, is to hear a petition in August today asking that he annul an order by Federal Judge William J. Tilson which vacated the appointment by Judge G. H. Howard in Fulton superior court of Edgar Watkins and Arthur Lucas as temporary receivers of the Adair Realty and Trust company. The petition for annulment was brought by creditors of Adair & Senter, construction firm, which is a subsidiary of the realty and trust company. Judge Tilson has gone on his vacation and the affairs of district court here are being handled by Judge Barrett until Judge Samuel H. Sibley returns from Europe. Judge Tilson having been acting for Judge Sibley.

Better Facilities For Sanitarium Urged by Swint

That scores of insane men and women, many of whom could be restored to normalcy by proper treatment, were being sent to the county jails of Georgia for lack of room at the state sanitarium at Milledgeville was told Governor L. G. Hardman yesterday afternoon by Dr. R. C. Swint, superintendent of the institution and a widely known specialist in mental diseases. He has been in charge of the sanitarium for years.

Dr. Swint was accompanied on his visit to the governor by several members of the board of trustees, who again urged that some prompt measures be taken to relieve the situation at the state sanitarium, which was forced two weeks ago to close its doors against further admittance of patients, its population having reached 5,000 insane men and women of both races.

"This crisis was not reached suddenly," said Dr. Swint. "It has come on through the years, and governors and legislatures have repeatedly been urged to provide more facilities."

"Insane people are merely sick people. There are mental diseases as well as physical diseases. The insane should be given the best of scientific treatment, which can be provided only at an institution especially equipped for such treatment. It is one of the most intricate branches of all medical science."

Last year, more than half the patients received at the state sanitarium were sufficiently restored to be sent back to their homes and make room for others. This could only be possible through using the most advanced methods of treatment, such as cannot be supplied outside such an institution.

"The state sanitarium at Milledgeville outgrew its capacity long ago. Its trustees have submitted to overcrowding against their will, because there was no other way. But when the population reached 5,000, a short time ago, there was no possibility of admitting more, and reluctantly it was ordered that no further admissions be made, except as vacancies occurred by death or dismissal."

SEN. WILLINGHAM CHARGES FRAUD IN QUARRY DEAL

Senator H. S. Willingham, of Marietta, said Thursday that he will offer a privilege resolution in the upper house this morning calling the governor's attention to a purchase during 1917 of a rock quarry in Elbert county, which he claimed to have been

fraudulent consummated between the highway commissioners and W. L. Wiggs, of Elberton.

The senator announced his intention following the senate highway committee's action of Thursday afternoon in postponing a vote on a senate resolution of similar purport which he introduced a fortnight ago.

The privilege resolution will contend that the state through its agents, C. M. Strahan, R. C. Neely, deceased, and C. M. Bennett, commissioners, and government and state highway engi-

neers, W. A. Crossland and W. R. Neel, purchased the quarry for \$90,000, while its real worth was not in excess to \$25,000. The resolution will ask that the governor confer with a view toward suing for recovery of the difference with interest to date.

NEW AFFIDAVITS FILED WITH COURT IN LANCE HEARING

Additional affidavits regarding the eligibility of J. J. Blackstock as a member of the Fulton jury which convicted Jack Lance of complicity in

the murder of Bert Donaldson were submitted to Judge G. H. Howard Thursday.

Defense counsel in their motion for a new trial for the doomed man set out that Blackstock was disqualified as a juror on the grounds that he was under a 12-months suspended sentence for a statutory offense at the time he served on the jury.

At the initial hearing last Saturday Judge Howard granted defense counsel and the state until Thursday to present additional affidavits bear-

ing on the question. The solicitor contended that the offense was not a crime under the common laws of England and that it did not involve moral turpitude. The defense counsel contends that this particular offense involved moral turpitude and therefore the juror was disqualified. The supplementary affidavits also outline the legal aspects in the case.

Any Pretzeleer Can Reach High C

Yes, even the basso profundo Professo Pretzino we picture tosses off a perfectly pitched C upon the slightest provocation. You need no ear for music to recognize a good C when you see one. Pretzeleers don't bite by ears, but by teeth. And they do their letters in O-So-Guds. Like this:

Musical or not, it's a pleasure to pretzeleer. Even bass drummers do it when they get a chance at O-So-Guds. These pretzels are baked by Uneeda Bakers. Baked brown. Baked crisp. Baked brittle. And with a fine hearty saltiness that makes you want more and more.

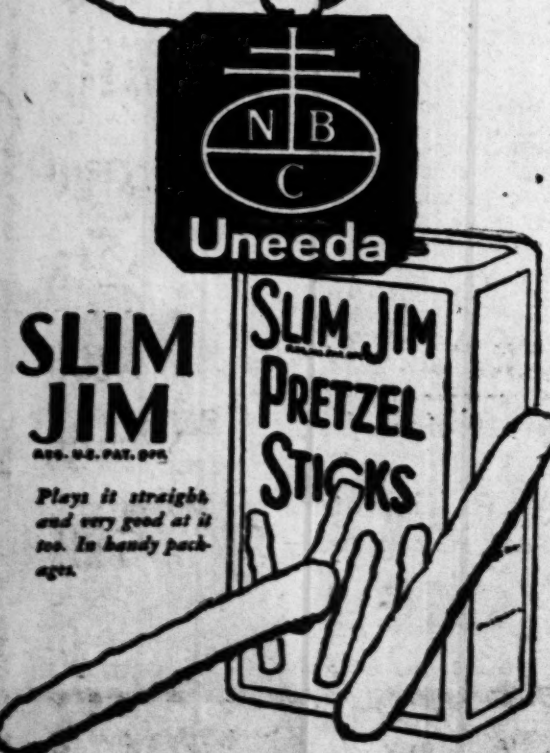

Serve pretzels with soup, salad and dessert—with iced drinks, cheese and hors d'oeuvres. They're good to eat with meals or without.

Especially recommended for children because they are so easy to digest and good for teeth and gums.

Ask your grocer how many people are taking home pretzels made by Uneeda Bakers.

STATE TEXT BOOK PRINTING FAVORED

Creation of a special text book commission consisting of the governor and members of the state school board, and provision for the printing by competitive bid of certain common and high school books to be prepared and edited by the commission, is contained in a house bill approved Thursday night by the education committee of the house of representatives.

Lengthy discussion on both sides of the question preceded adoption of the motion to report the bill favorably, and approval was given the measure only after an attempt to have the bill referred to a subcommittee of five for redrafting failed.

The bill provides that the text book commission shall prepare, edit, elect, type, approve, copyright and sell certain books, or secure the text on royalty contracts, and let the job of printing and binding to the lowest bidder for publication and distribution. The books to be sold at actual cost of production and distribution until funds are available for the purchase or publishing of the books and their free distribution to students. The measure requires the use of the state-approved books in all schools, violation being a misdemeanor.

The move to have the state print its own text books for the schools is not a new one in Georgia, having been aired in the 1925 and previous legislatures. The present bill is by Representatives L. J. Cowart, of Camden county; A. L. Hughes, of Clinch county; Scott T. Deaton and J. H. Quarterman, of Ware county.

Representatives Deaton and Quarterman led the discussion for the bill, assisted by Representatives T. A. McIver, of Crisp county, L. E. Mallard, of Charlton county, and others. A fight on the bill was conducted by Representative G. C. Adams, of Newton county, an educator for the past 30 years, who declared that there is danger attendant upon the state's going into a commercial business such as printing, and that inferior books are liable to result from having the books printed under competitive bids.

Representative W. Paul Miller, of Muscogee county, after outlining the plan in use in his county for the past forty years, stated that the state printing plan has been tried in only two states and has failed in both. He made an effort to have the bill referred to a subcommittee, so that a new measure, free of defects, might be drawn.

Following the action on the text book bill, the committee unanimously approved a bill fixing the compensation of members of boards of education in counties of more than 200,000 population at \$50 a month, this measure applying only to the Fulton county board. It was introduced in the house by the Fulton delegation.

BRITISH OIL MEN CONTINUE ATTACK

New York, August 4.—(P)—The New York Herald Tribune says that the violent attacks against the Standard Oil Company of New York for its part in entering into contracts to purchase oil from the Soviet government were continued today by Sir Henri Deterding, managing director of the Royal Dutch Oil group, in a statement issued here through his representatives.

Asked the significance of the Soviet oil contract, Sir Henri is quoted as saying it means that "the Standard Oil Company of New York has placed its large selling organization in British India and the Straits settlements at the disposal of the Soviet government."

Solons Forget Politics for Awhile As Barbecue at Lakewood Is Enjoyed

Photo by George Corbett, Staff Photographer

Celebrities from all sections of Georgia Thursday crowded food-laden tables at a gigantic barbecue given at Lakewood park in honor of members of the Georgia legislature. One of the tables is shown in the above picture. Members of the general assembly, judges, city and county officials and lights of lesser political brilliance blazed at the affair.

Members of the Georgia legislature and city and county officials Thursday gathered about a festive board as guests of Fulton county commissioners at Lakewood park. Two huge tables piled high with barbecue and other delicacies supplied food to more than 300 present.

Edwin F. Johnson, chairman of the commission, presided as toastmaster and ruled the feast with an iron hand so successfully that the whole procedure was conducted without a single semblance of politics.

ment in order to dispose of oil stolen by that government.

Asked whether the Dutch group should fear any losses that may result from these contracts, Sir Henri said: "This depends whether we shall admit that this oil, a great deal of which at least belongs to us, will be sold in competition with us."

"The Standard Oil Company of New York must be intending to support the Soviet for a long time," he added. "Otherwise they surely would not have made a contract which would have a very damaging influence on their reputation. For the sake of one year's surplus profit they would not have taken upon themselves the odium of an immoral action."

Sir Henri also expressed belief that the American oil industry will suffer the greatest loss through these contracts. A damaging effect will also be felt by all governments which are troubled by revolutions supported by Moscow, he said.

Trustees of the county prison farm brought scores of hogs, cooked under the supervision of George M. Hope, member of the commission, and Bub Clark and Claude Mills, attaches of Fulton county. Barbecue pits were overworked all day Wednesday in preparation for Fulton's contribution to the entertainment of members of the general assembly. Many others would have attended but for an untimely rain which drenched the roads just prior to the beginning of the affair.

CIVIL WAR NURSE DIES IN BALTIMORE

Baltimore, August 4.—(P)—Mrs. Rosina C. Johnson, 88, is dead, leaving Mrs. Amelia C. Blodgett as Baltimore's only surviving civil war nurse. Both women were among the 48 civil war nurses who were pensioned by the government early this year.

Mrs. Johnson was found dead when unusual actions of her parrot, her only companion, attracted neighbors.

U. S. WILL ESTABLISH ENFORCEMENT BASE

Washington, August 4.—(P)—Establishment of a section base at St. Petersburg, Fla., to suppress smuggling of liquor, narcotics and aliens was announced today by the coast guard.

In fact, the rain poured during the feast, but the guests ate serenely on, within the automobile display building thrown open by courtesy of Southeastern Fair association officials, who operate the amusement park.

Speeches were barred, as Mr. Johnson directed the guests to "fall to" and enjoy the eating bout, contrary to usual procedure when so many different interests are present, not a single dissenting vote was heard.

NAVAL ARMS CUT STILL HOPE OF NATIONS

Continued From First Page.

tonnage allocation, the number and type of cruisers which might be suited to America's national needs.

Earlier Date Favored.

It is suggested in the declaration that the second Washington conference, to be held in August, 1931, to determine whether scientific developments justify modifications in the characteristics of warships be advanced to an earlier date. This suggestion is made with the idea that any conclusions reached at the Washington conference might go into effect before the capital ship construction programs commence in November of that year. The declaration then registers the conviction that the obstacles encountered at Geneva should not be interpreted as terminating the effort to secure further limitation of naval armament.

Then, incorporating the hopes previously expressed by terminating the effort to secure further limitation of naval armament.

Reconciliation Seen.

Then, incorporating the hopes previously expressed by Mr. Gibson, Mr. Bridgman and Admiral Saito, the declaration insists that the extent of the agreement reached and the work achieved in the clarification of the respective positions will make it possible for the governments later to reconcile their divergent views and attain an agreement at an early date for the limitation of auxiliary naval vessels. This, it says, would not only permit of economy but promote a feeling of mutual confidence and good understanding, while simultaneously safeguarding national security.

These expressions of good will which characterized the final proceedings were partly the result of earnest Japanese counsel for moderation in the closing addresses. They were also partly the result of the appeal voiced at last night's meeting of the plenipotentiaries that nothing be allowed to creep into the final meeting which would endanger in any way the relations of friendship and render only more difficult the success of future parliaments.

The fact remains, however, that despite the friendly phrases embodied in the final addresses and the official declaration, the tripartite naval conference has failed. It is true that a complete agreement was reached on the sizes of individual destroyers and submarines and on the sizes of the guns to be carried by these war craft, but on the immense problem of the parley—that of cruisers—the delegates were said to have been as far from accord at the end of the conference as at the start.

CONFEREES ISSUE JOINT STATEMENT

Geneva, August 4.—(P)—The text of the joint declaration of the American, British and Japanese delegations, delivered today at the plenary session of the three-power naval conference follows:

"In pursuance of the suggestion of the president of the United States, the plenipotentiary delegates of the president of the United States, his Britannic majesty, and of his majesty the emperor of Japan, met at Geneva on June 20 to consider the limitation of auxiliary naval craft.

"Meetings have been held from that date until the 4th of August, during which period the delegates and their advisers have considered in detail various methods of effecting this object. On many important questions provisional agreements have been reached, certain of which are embodied in the annexed report of the technical committee of the conference. These points of agreement relate particularly to the limitation of destroyers and submarines, and it was only when the conference took up the question of the limitation of cruiser class that difficulties were encountered.

Desirable To Adjourn.

"These difficulties proved to be of a character to render it desirable to adjourn the present negotiations until respective governments have had an opportunity to give further consideration to the problem and to the various methods which have been suggested for its solution.

tons for Japan, each of the powers should have liberty to build the number and the type of vessel which they might consider best suited to their respective national needs, with freedom, subject to limitation of the Washington treaty, to arm these vessels as they saw fit.

British Position.

"The British delegates, whilst putting proposals tending to a limitation of the size of vessels of all classes, have opposed the principle of limitation by total tonnage alone on the ground that the largest ship and the heaviest gun permissible must inevitably become the standard. They desired, first, a strict limitation of the number of 10,000-ton 8-inch gun cruisers, and, secondly, the establishment of a secondary type of cruiser of a maximum caliber of 6 inches. The British delegates contended that the establishment of this type alone would enable the British empire, within a moderate figure of total tonnage, to attain the numbers which it regards as indispensable to meet its special circumstances and its special needs.

"The Japanese delegates presented the view that low total tonnage levels should be fixed which would effect a real limitation of auxiliary naval vessels. As for the question of the 8-inch-gun cruisers, while the Japanese government could not agree to any restriction as a matter of principle, they had no difficulty in declaring that, provided a tonnage level of 315,000 tons for auxiliary surface vessels was fixed, Japan they would not build any further 8-inch-gun cruisers until 1936, except those already authorized in existing programs.

Views Divergent.

"Various methods were considered of reconciling the divergent views indicated above, but while material progress has been made and the points of divergence reduced, no mutually acceptable plan has been found to reconcile the claim of the British delegates for numbers of vessels, for the most part armed with 6-inch guns, with the desire of the American delegates for the lowest possible total tonnage limitation with freedom of armament within such limitation, subject to the restriction as to armament already set by the Washington treaty.

"Faced with this difficulty, the delegates have deemed it wise to adjourn the present conference with this frank statement of their restrictive views, and to submit the problem for the further consideration of their governments, in the hope that consultation between them may lead to an early solution.

"Further, the delegates agree to recommend to their respective governments the desirability of arranging between the signatories of the Washington treaty that the conference to be held earlier than August, 1931, the date contemplated under the terms of that instrument, in order that any decision reached by such a conference may come into force before the capital ship construction program commences, namely, in November of that year.

"In making these recommendations and submitting this statement of the points of agreement, as well as of the points on which agreement has not yet been achieved, the delegates desire to place on record a statement of their restrictive views, the obstacles that have been encountered should not be accepted as terminating the effort to bring about a further limitation of naval armament. On the contrary, they trust that the measure of agreement which has been reached, as well as the work which has been done in clarifying their respective positions, will make it possible, after consultation between the governments, to find a basis for reconciling divergent views and lead to the early conclusion of an agreement for the limitation of auxiliary naval vessels which will permit of substantial economy and, while safeguarding national security, promote the feeling of mutual confidence and good understanding."

KENTUCKY MINE YIELDS 15 BODIES

Clay, Ky., August 4.—(AP)—Explosion wrecked No. 7 mine of the Western Kentucky Coal company tonight gave up the bodies of eight miners, making the total number recovered 15. All missing men now have been accounted for.

The last two bodies were brought to the surface at 10 o'clock tonight. Those whose bodies were recovered were West Carter and Green Russell, negroes. Earlier the bodies of George Coleman, Mark Townsend and Corbett Taylor, whites, and John Dugan, John Clark and Boss Money, negroes, had been recovered.

The cause of the explosion which wrecked the west end of the mine remains to be definitely determined and an investigation with this in view was being made.

More than 100 men remained in the mine after "quitting time" late Wednesday when the blast occurred. Several were killed outright, others were overcome by black damp, while the remainder made their way to safety. Hastily organized rescue workers entered the mine and several of them also were affected by the gas. They were removed, however, and none of the survivors was in a serious condition tonight.

Survivors of the pit blast were among the rescue workers offering their services.

The crowds which milled about the mine shaft from the time of the explosion until late today began to scatter after the recovery of most of the bodies.

BLACKSHEAR LEADS IN TOBACCO SALES

Macon, Ga., August 4.—(AP)—With the day's sales again slightly under those of Wednesday the Georgia tobacco markets tomorrow are anticipating sales that will compare with those that were made on the opening of the markets last Tuesday and which were the heaviest in the history of the tobacco markets in this state.

Blackshear wrestled the lead from Vidalia today with sales totaling 391,000 pounds of the golden leaf. The Vidalia market took second honors with a total of 293,000 pounds sold. The average price on the Vidalia market eclipsed the price paid on the Blackshear market by a fraction over a quarter of a cent on each pound. The highest average price was paid on the Waycross market with 25.23 cents paid for each pound of the weed. The lowest average price was paid on the Thomasville market with 16.04 cents.

At the close of the market Friday the first week of the tobacco season in Georgia will close. The sales at the opening of the market next week are expected to be higher and also the growers say that a better quality of tobacco will be offered.

A tabulation of sales on the individual markets follows:

Town	Sales Lb.	Price	At Price

Willie Falls Into Toils When His Faithful Dogs Fail at Crucial Moment

Willie Tate, negro, saw two stern-looking men enter a pawnshop at 60 Decatur street, in which he was trying to "hook" an overcoat, and suspicion broke out on his face like a rash.

"Here I come. Just lemme give my feet some room and you won't see me no more," Willie yelled as he dashed for the door.

But Willie didn't get a chance to really give his feet room, because the two stern-looking men, who turned out to be Detectives W. D. McGee and Patrolman Tom Felder, aided by L. O. Langford, a salesman, caught him at Decatur street and Piedmont avenue.

At the lock-up, Willie was booked on charges of suspicion, while detectives set about trying to connect him with recent north side burglaries. The reason for the opportune appearance of Detective McGee and Patrolman Felder was explained by the pawnbroker, who called the police and haggled with Willie over the price of the overcoat until the law arrived.

Willie said he lived at 87 Courtland street.

Dublin Man Warned To Quit Soliciting Carolina Farmers

Columbia, S. C., August 4.—(AP)—W. H. Proctor, representing the chamber of commerce of Dublin, Ga., has been in Lexington county endeavoring to interest farmers of that county who will be forced to move from their homes because of the big dam to be built on the Saluda river, today received a note signed "K. K. K." warning him that his presence in the county is "very undesirable" and notifying him to close up his affairs and leave the county within 24 hours. He stated tonight that he would not leave.

The note to Proctor read: "We have been informed that you have been and are still very active in trying to induce our farmers from the Saluda valley to migrate to Georgia. This is to notify you that your presence in this county is very undesirable and we hereby notify you to close your affairs and leave this county within 24 hours. We mean business." The note was typewritten in red ink.

ATLANTA FIRM BUYS CORDELE POWER BONDS

Cordele, Ga., August 4.—(Special.) Crisp county power commissioners sold the first installment of power bonds Wednesday afternoon amounting to \$51,000 for a total of \$52,130. They were purchased by Robinson-Humphrey company, of Atlanta.

The money will be used in defraying expenses of preliminary surveys, soundings and federal power permit. The board will hold special meetings every few days till the proposals of the various engineering concerns have been covered and an engineer selected for the building of the plant on Flint river.

Actual construction work cannot begin under several months yet, but the commissioners will proceed as rapidly as possible when the engineer is chosen, that being the next duty before the body.

L. F. M. Stores, Inc., Purchases Richmond Department Store

Richmond, Va., August 4.—(AP)—The Leonard, Fitzpatrick, Mueller Stores, Inc., of New York and Atlanta, today purchased the stock of the Weisberger company, department store, and leased the property now held by the Richmond concern, it was announced here. The purchase price was not named. The L. F. M. store here is one of a chain now operating in a large number of southern cities.

The L. F. M. company, which according to the above dispatch has extended its holdings in Richmond, operates a big department store here adjacent to the Peachtree-Whitehall street viaduct, in the heart of the business district.

PHILADELPHIANS OFFER \$25,000 FOR EUROPE HOP

Philadelphia, August 4.—(AP)—The Philadelphia Evening Bulletin today offered a prize of \$25,000 to the aviator making the first non-stop flight from Europe to Philadelphia before August 4, 1928.

The offer was made in a letter to Hollinshead N. Taylor, Philadelphia, chairman of the Pennsylvania state aeronautics commission, who is to have charge of all details.

METTER MAN HURT IN FLORIDA ACCIDENT

Jacksonville, Fla., August 4.—(AP)—George D. Lee, Metter, a. tonight was in a Jacksonville hospital with a fractured skull and probable internal injuries sustained when his automobile overturned near Callahan, north of here, late today.

Charles G. Martin, Charleston, S. C., a companion, was treated at a hospital for bruises and cuts about the head.

LAKEWOOD TO HAVE NEGRO SPIRITUALS AGAIN ON SABBATH

Popular demand for a return of negro singers who several weeks ago staged a Sunday afternoon concert at Lakewood park has forced J. Oscar Mills, secretary of the Southeastern

Fair association, to offer a similar attraction for Sunday afternoon.

The singing will begin promptly at 3 o'clock and will supplement the regular Sunday afternoon band concert. Members of the Cosmopolitan church will be the vocalists.

Capitivated by the negro spirituals, rendition of old southern melodies and popular songs, patrons of the park have requested Mr. Mills to attempt to schedule another singing bee, and,

accordingly, the Cosmopolites were voices in the state have been re-signed up. Some of the best negro cruited for the performance.

Presidential Primaries To Test Candidates Powers

Washington, August 4.—(AP)—While there will be much discussion of candidates and probably considerable activity among their friends during the next few months, it will be early next year when the presidential presidential primaries are held before names will go down in black and white.

Sixteen states have such primaries. New Hampshire holds the first, on March 15, and West Virginia the last, on May 22. So far as republican national committee headquarters here is advised, in only one of the states is a declaration of acceptance by the candidates necessary. That is in South Dakota, which holds its primary on May 22.

It was stated that in the other states Mr. Coolidge's name could be used, or candidates for election as convention delegates could declare for him without his consent. The sixteen states have a total delegate strength of 492 out of the 1,100 which will sit in the convention.

The states having primaries, the number of delegates they are entitled to in the convention and the date of the primaries are as follows:

New Hampshire (11), March 15; North Dakota (13), March 29; Michigan (23), April 2; Wisconsin (29), April 3; Illinois (61), April 10; Nebraska (19), April 10; Pennsylvania (79), April 24; Massachusetts (28), April 24; Ohio (51), April 24; California (29), May 1; Maryland (19), May 7; Indiana (31), May 8; New Jersey (31), May 15; Oregon (13), May 18; South Dakota (13), May 22; West Virginia (10), May 22.

liam swimming pool in Cordele. County Agent Luck and members of the Kiwanis club are preparing for the youngsters.

MAN'S SURRENDER SOLVES SHOOTING

Charlotte, N. C., August 4.—(AP)—Nerves shattered and mind bordering on collapse as visions of a desperately wounded man haunted him, Thomas Jacobs, 35, of this city, today surrendered to county police and accused Mauly Justice, also of Charlotte, of firing the bullet which fatally wounded Earl Williams, Williams was shot Monday at Hickory and died Tuesday afternoon, though to his death he insisted a negro had done the shooting.

In the wake of Jacobs' accusation, city and county police tonight spread a cordon about the countryside in an effort to locate Justice. Jacobs told of an afternoon automobile ride, of a quarrel over a debt, of a heated argument resulting in a fierce altercation and the sudden shooting. Justice, according to police, has been in the toils of the law several times on divers charges. Williams served a 10-day sentence here recently on a charge of check fraud. He is said to have come here from Atlanta.

After Williams had been wounded by one bullet fired by Justice, Jacobs told police, Williams begged him not to shoot again, promising to tell officers that a negro had done the shooting if his life was spared.

Jacobs appeared to gather some little satisfaction from his confession. "Well," he said, "I've done what I said I was going to do."

VIRGINIA STUDENTS TO HEAR PATRICK ON AIR FUTURE

Charlottesville, Va., August 4.—(AP)—Major General Mason M. Patrick, chief of air service, has been added to the speakers at the University of Virginia, it was announced today. He will speak at the night session on August 13 on the subject of "The Future of Aviation."

The institute begins next Monday to continue through the week.

SERVEL COMPANY RECEIVERS NAMED IN EVANSVILLE

Evansville, Ind., August 4.—(AP)—Receivers were appointed today for the Servel Manufacturing company, manufacturers of electric and gas refrigerators, automobile truck bodies and gasoline motors, and Servel corporation, the selling organization. Receivership was asked in a petition filed in circuit court here yesterday by the Kirkpatrick-Heim Printing company.

The petition alleged non-payment of \$4,000, due for printing and declared receivers are necessary for protection of creditors.

SENATOR JOHNSON TAKEN BY DEATH

Athens, Ga., August 4.—(AP)—Senator L. F. Johnson, 25th district, who was sworn into office here July 25 while confined to the hospital, died at his home in Watkinsonville today. Senator Johnson had been ill for several months.

He is survived by his widow, a daughter, Mildred, 18; two sons, Ferdinand, 17, and J. W., 13, and two sisters, one of whom is Mrs. Lawrence Roper, Greenville, S. C.

Funeral services will be held from the Methodist church at Watkinsonville tomorrow with Rev. J. W. McWhorter, Winder, officiating.

Unable to attend the present session of the general assembly, Senator Johnson took the oath of office as he lay in bed here on July 25. He was serving his second term in the upper house from the district composed of Oconee, Walton and Barrow counties. He would have been 48 years old on August 9.

Senator Johnson had been correspondent for The Constitution at Watkinsonville for a number of years and was among its most valuable news men. He was the first correspondent to report the complete returns from a Georgia county in the primary and in the run-over election for governor last fall.

Indianapolis Prisoner Says He Escaped From Chaingang in Georgia

Cincinnati, August 4.—(AP)—Robert Albertson, 19, of Indianapolis, was arrested here yesterday after being found suffering from a hemorrhage on the streets. He confessed to escaping from a chaingang in Georgia, where he was serving a three-year sentence for robbery of a Salvation Army post at Waycross, Ga.

Albertson, in a serious condition tonight, said he was "bumming" his way to Atlanta to serve the remaining year of his sentence at the request of his mother.

REDISCOUNT RATE CUT AUTHORIZED

New York, August 4.—(AP)—Reduction of its rediscount rate from 4 to 3 1/2 per cent was announced today by the Federal Reserve Bank of New York, coincident with a similar cut in Boston. The change, which was the first since August 13, 1926, when the rate was raised from 3 1/2 to 4 per cent, followed like reductions in St. Louis yesterday and in Kansas City a week ago.

The change in the rate caused little surprise in Wall street, where it was deemed inevitable in view of the recent drop in banker acceptances to 3 1/8 per cent and the generally easy credit situation created by the presence of an enormous supply of funds in the local market.

Although bankers' loans, announced today, stood at the record breaking total of \$3,171,845,000, the ratio of total reserves to deposits and federal note liabilities combined was 82 per cent, against 81.1 per cent a year ago, indicating that loans on securities have caused no serious strain on the credit situation. Stock exchange collateral loans to members are also at record high figures.

There was a feeling in financial circles that the change in the rediscount rate came at a psychological time. Some concern had been expressed lest a reduction lead to further inflation of security prices, rather than to stimulation of commercial activities. The announcement by President Coolidge, however, that he does not expect to be a candidate for reelection is expected to act as a brake on excess speculation in securities.

That a reduction here was sure to follow those in Kansas City and St. Louis was also considered a certainty in well-informed quarters as maintenance of a 4 per cent rate would tend to "pull" funds into the New York center from districts in which the rate had been lowered. In the past the New York Federal Reserve bank has shown an inclination to avoid creating situations which would tend to unbalance the distribution of money over the various federal reserve districts.

BILBO AND MURPHREE IN PRIMARY RUNOFF

Jackson, Miss., August 4.—(AP)—A run-off primary with Theodore G. Bilbo, former governor, and Dennis Murphree, the incumbent, vying for the democratic gubernatorial nomination, appeared unavoidable tonight as belated returns trickled in from Tuesday's democratic primary election.

With 21 precincts missing, Bilbo lacked a thousand votes of having a majority. A tremendous vote was cast, the returns revealed, the incomplete gubernatorial returns showing 279,934 ballots. Of these, Bilbo received 129,410; Murphree, 70,050; Mike S. Conner, 59,255; Albert Anderson, 21,963.

The 21 missing precincts were not believed to hold enough votes to permit Bilbo to attain his majority. The three opposing candidates had polled 151,298 votes, making it virtually impossible for him to stretch his 129,410 into a majority in returns from the small missing precincts. One of the precincts, in Adams county, was said to have polled only 5 votes.

M. P. Wowercy Love was holding the lead he attained earlier in the race. His total, with 500 precincts missing, amounted to \$6,806. That of Bidwell Adam had reached 65,589 and John Smith had polled 10,947.

C. C. White, of Grenada county, was leading Macey Dickins, Jackson, by 21,000 votes in the race for state auditor with 828 precincts in White had polled 68,521, and Dickins 46,900.

MUSCOGEE FARMER GIVEN PRISON TERM IN ASSAULT CASE

Columbus, Ga., August 4.—(AP)—John Baker, 40, Muscogee county farmer, was tonight found guilty in superior court of assault with intent to commit criminal assault upon a ten-year-old Muscogee county girl, and he was given a penitentiary sentence of 15 to 20 years.

FLOGGER IS GIVEN EIGHT-YEAR TERM

Oneonta, Ala., August 4.—(AP)—A prison sentence of eight to ten years was meted out today to Eugene Doss, first of seven men to be tried in the Clinton county circuit court on charges of flogging Jeff Callaway, Oneonta farm youth, several weeks ago.

Doss was found guilty of kidnapping after the jury, which received the case yesterday, had deliberated 18 hours. Immediately after the verdict was read Judge O. A. Steele pronounced sentence on Doss.

"This trial strikes at the very root of the constitution of the United States," Judge Steele said in sentencing Doss. "When a man takes upon himself enforcement of man-made laws without recourse to constituted authority he commits a grievous crime."

Horace Wilkinson, chief defense attorney, gave notice of an appeal to the supreme court, and Doss was released on bond of \$5,000.

Within a few minutes after the sentencing of Doss election of a jury to try L. A. Doss, the second of the seven indicted men, was begun. The jury was not expected to be completed before tomorrow morning, when the taking of testimony will be started.

FOUR MEN CLEARED IN FLOGGING TRIAL

Orlando, Fla., August 4.—(AP)—An Orange county criminal court of records late today, after 26 minutes' deliberation, acquitted the four men charged with the kidnapping, June 15, of Arthur Johnson, typewriter repairman, bringing to six the number of

men freed on charges in connection with the affair. The previous week those found not guilty today were A. F. Gilliam, fruit grower of Clearwater; E. F. Stevens, floor scraper, of Winter Park; George J. Demaris, real estate operator, of Orlando; and George Murdock, Orlando clothing salesman. William Mathews and W. C. McCollum, acquitted separately, were the others acquitted.

ing was permitted near the state prison, where ten policemen were on duty, but there had been no sign of disturbance since announcement of the committee's decision that Sacco and Vanzetti are guilty and must die.

Much interest was attached to the forthcoming publication of the report of the committee, composed of President A. Lawrence Lowell, of Harvard; President Samuel W. Stratton, of Massachusetts Institute of Technology; and the former Judge Robert Grant.

Governor Fuller, in his decision, declared that these men, who made an independent investigation and review of the case, were unanimously in agreement with his opinion that the condemned radicals had been fairly tried.

The committee's report will not be made public before Friday, the governor said as he left the state house late Thursday night, when he was charged with the kidnapping, June 15, of Arthur Johnson, typewriter repairman, bringing to six the number of

G. Thompson has withdrawn as chief counsel for the defense of Nicola Sacco and Bartolomeo Vanzetti and has been succeeded by Arthur D. Hill.

But the move, which Thompson announced in a statement late Thursday, does not mean that he is withdrawn from the case. Rather it presages the next moves of the defense committee on behalf of the men who are condemned to die August 11.

Thompson is a distinguished member of the bar, who has handled the various appeals on behalf of Sacco and Vanzetti since 1923, feels that he can better serve the interests of the condemned men as witness in the impending court proceedings.

THOMPSON TO BE WITNESS

The United News has learned that in the legal action which the defense committee prepared with the new Chief Counsel Hill, Thursday night, it was planned to have Thompson as a witness in the irregularities of previous hearings on appeals for a new trial.

The real reason for Thompson's withdrawal may be stated as follows: He feels that he has done everything in his power during the past four years to obtain a new trial for Sacco and Vanzetti. Governor Fuller, in the statement denying clemency to the condemned men, indicated lack of sympathy with Thompson's manner of handling the appeals, just as Judge Webster Thayer previously had criticized Fred Moore, the California attorney who defended Sacco and Vanzetti at the trial.

Wife Breaks News

Mrs. Sacco, wife of the former shoemaker, and Thompson, performing his last service as their attorney, entered the death house at 10:15 a. m. and broke the news.

The defense committee, hastening its final efforts to save the men against the approach of the fatal Wednesday midnight, found itself forced to swap horses in the stream when Thompson, a prominent and conservative member of the Massachusetts bar, suddenly withdrew from the case.

Hill, who succeeds Thompson, is like his predecessor, a lawyer of the conservative Massachusetts type. He is prepared to submit to the superior courts final pleas which two young legal students have drawn up secretly for the defense committee.

NEW LEGAL BATTLE PLANNED FOR REDS

Boston, August 4.—(United News.) Issuing another broadside against Governor Alvan T. Fuller and challenging him to prove that the advisory committee, headed by A. Lawrence Lowell, president of Harvard university, had been "unanimously in accord" with his refusal of clemency, the Sacco-Vanzetti defense committee discussed Thursday night with Arthur D. Hill, new chief counsel for the defense, plans to save the condemned men from execution August 11.

The legal machinery will be put in action Friday. The first appeal will be to a superior court in Massachusetts. Even those who are planning it expect failure. Then will come the appeals to the federal courts and to the supreme court of the United States through Chief Justice Brandeis.

ture—it lacks wisdom and courage and is an act of inhumanity."

This view is endorsed by the bulk of public opinion.

"MOST REFINED CRUELTY" IS CHARGED AT ROME

Rome, August 4.—The first fascist comment, even of a semi-official nature, regarding Sacco and Vanzetti, appears this afternoon in the newspaper Tribuna. This fascist journal finds the delays of American justice "most refined cruelty."

"We don't know if the decision of Governor Fuller means final to the tragic joke which for seven years has tortured the spirit of two unfortunate countrymen of ours," writes Tribuna, "but however things may go this is certain: The execution of these two condemned, or even a reprieve would conclude in a shameful manner one of the most tragic judiciary actions which the history of mankind records. No, it is not justice which for seven years has kept Sacco and Vanzetti between life and death, but a form of refined cruelty."

LABOR STUPEFIED AT BUENOS AIRES

Buenos Aires, August 4.—Governor Fuller's decision regarding Sacco and Vanzetti was received here with a species of stupefaction by labor circles generally. Aside from the extremists, whose indignation is based chiefly on political sympathies, the moderate expected Governor Fuller to exercise clemency as a matter of expediency, therefore the adverse decision created a profound impression.

The first result of the news of the decision last night was to double police vigilance at the American embassy, consulates, American club, banks, etc. While today uniformed officers are stationed in front of most of the American business premises.

The labor unions of the city of Rosario declared a general strike, leaving the city all day long without taxis, buses or horse cabs while street cars occasionally were stoned.

Buenos Aires, however, was quiet, although several strikes are likely to be the outcome of tonight's labor union meetings.

INHUMAN, BARBAROUS, SAY FRENCH PAPERS

Paris, August 4.—(AP)—Only a few of the French papers, which gave considerable prominence to the Sacco-Vanzetti decision, today commented editorially on it, but those that did described Governor Fuller's action as

inhuman, barbarous and even monstrous."

The conservative Journal of the right printed the decision without comment, only those of the left making clear their attitude on the fate of Sacco and Vanzetti.

EMBASSIES GUARDED IN MANY CITIES

Paris, August 4.—(United News.) American embassies and legations throughout the world were accorded special police protection Thursday on account of the Sacco-Vanzetti decision.

ITALIANS BELIEVE MUSSOLINI MAY ACT

Rome, August 4.—(United News.) Italians, deeply grieved over the fate of Nicola Sacco and Bartolomeo Vanzetti, believe that Premier Mussolini may by some dramatic gesture invoke eleventh-hour aid for their doomed compatriots.

So far Mussolini and his foreign of-

fice have maintained absolute silence.

Lack of newspaper comment has led to wide belief that Mussolini may make some step on behalf of the condemned men through Italian Ambassador De Martino at Washington.

GENERAL STRIKE STARTS IN ARGENTINA

Rosario, Argentina, August 4.—(United News.)—A general strike of all workers except street car men was declared and put into immediate effect Thursday in protest against the doom of Sacco and Vanzetti.

ALL TRANSPORTATION EXCEPT BY TROLLEY CAR IS PARALYZED

Some strikers are stoning street cars and business premises. There have been a number of arrests.

Police are guarding American and other business buildings which strikers are threatening.

15,000 CIGAR WORKERS CALL STRIKE FOR DAY

Tampa, Fla., August 4.—(AP)—Fifteen thousand cigar workers walked out here this afternoon in protest against Governor Fuller's refusal to grant executive clemency to Sacco and Vanzetti.

NUMEROUS PROTESTS ALREADY REPORTED

(By Leased Wire to the Constitution and The Chicago Tribune.)

New York, August 4.—Protests and demonstrations against the decision of Governor Fuller dooming Nicola Sacco and Bartolomeo Vanzetti to death for the murder of a Massachusetts paymaster were reported from many sections of the country and from many European nations today.

Resignations from Mrs. R. J. Cantwell, corresponding secretary, and Mrs. George W. Wilcox, publicity chairman, were read and accepted. The executive board appointed Mrs. C. N. Money corresponding secretary and Mrs. T. C. Cox publicity chairman, to fill the vacancies.

The community service chairman brought before the club the question of inadequate building restrictions, desiring the building of apartments and duplexes in exclusive residential sections. It was decided that a committee should investigate the possibilities of better supervision of buildings in these sections.

The president assured the club of Mr. McDuffie's cooperation in securing a lot near the recreation center for the building of a clubhouse, which is under consideration. It has been decided to hold the meetings at the homes of members until a clubhouse can be secured. Mrs. W. L. Ballenger extended an invitation for the September meeting.

SHE WENT FROM BAD TO WORSE

Down to 98 Pounds—Finally Restored to Health by Lydia E. Pinkham's Vegetable Compound

Cleveland, Ohio.—"After having my first baby, I lost weight, no matter what I did. Then a doctor told me I would be better if I had another baby, which I did. But I got worse, was always sickly and went down to 98 pounds. My neighbor told me about Lydia E. Pinkham's Vegetable Compound, as it helped her very much, so I tried it. After taking four bottles, I weigh 115 pounds. It has just done wonders for me and I can do my housework now without one bit of trouble."—Mrs. M. RISSINGER, 1004 Nelson Ave., Cleveland, Ohio.

OUTCAST

By Elizabeth York Miller

SYNOPSIS.
A band of crooks, standing on the fact that Sir Adrian Shale is alive, when supposedly he had died six months before in Italy, arrive at a crook's house, for the purpose of blackmailing him. Mimi Winchell, one of the crooks, posing as a widow, obtains a letter of introduction to Sir Adrian, and takes him to her home. Sir Adrian, who is a wealthy man, is at first suspicious, but is won over by Mimi's beauty and charm. He tells her that he is a wealthy man, and that he is a widower. Mimi, who is a crook, tells him that she is a widow, and that she has a young daughter, Doris. Sir Adrian, who is a wealthy man, is at first suspicious, but is won over by Mimi's beauty and charm. He tells her that he is a wealthy man, and that he is a widower. Mimi, who is a crook, tells him that she is a widow, and that she has a young daughter, Doris. INSTALLMENT XXXV.
SHALE TRAPS MIMI.
Shale could not deny an admiration for the coolness with which Mimi handled her side of the situation. But he set a trap for her.
"Is it true you know where Doris Ferguson is?" he asked.
Mimi's quick intelligence thought she saw in this query something to be turned to her own advantage.
"O, yes. I know where she is," she answered confidently.

"Where?"
Mimi looked up in shocked surprise. "O, really, Sir Adrian, business is business. I offered her service to marry, to restore her poor ill-used child to her arms, and you tell me she proposes to prosecute me for doing so. O, no, no! If madam wants the information, she must pay for it."
She laughed tauntingly.
Shale frowned.
"Have you seen the girl recently?" he asked.
"Within the last few days," Mimi replied in an offhand way. She was feeling rather better.
"Was she better?"
"She hasn't been ill so far as I know."

"Dear, dear!" said Shale with exaggerated concern. "And to think you didn't know of Doris' accident!"
Mimi's head jerked up. She knew she had been trapped, and knew, too, that her secret was no longer her own.
"What accident?" she snapped; the studied calm gone from her face, her eyes furtive and suspicious, and the fear of Adrian Shale that had dimmed for a few moments, returning with increased intensity.
"Since you didn't know, it doesn't matter," he said blandly. "But the mother has seen her child, and we know her history now. By the way, Mrs. Winchell, who is the Reverend Archibald? When I saw him recently, he reminded me so much of your charming brother, Mr. Montague. And Hobson—one of your names, too?"

Mimi's discomfort was complete. This man Shale had tricked her again, he had been referring to her as Mrs. Winchell, and she had been so sure that she was safe. She did not stop to think that Shale was in complete ignorance of her husband's death, and his words aroused in her a fierce sense of indignation and determination to hurt. She faced Shale like some wild, primitive thing, out now to fight with any weapon. Always with Mimi Hobson, the veneer of culture stripped from her when she lost her temper.
"O, so you've made that discovery, have you? Never mind who Archibald is; you can find that out, too—you're good at that speaking sort of copper's work, are you. Pity you aren't in the force, Sir Adrian Shale. It is a pity," he commented provocatively as he lit a cigarette. "I may smoke, may I?"

He meant to goad her on, and he succeeded. Mimi in a rage would tell him many things which the careful, calculating, genteel Mimi would have sense enough to conceal.
"You can do what you blooming well like," she threw at him, "but I tell you this, Adrian Shale, if you start trouble for me I'll see to it that mealy mouthed Doris comes in for her share. No, she won't be the Grantwick business and in the George. How do you like that, eh? How'd you like to prosecute dear Doris. And what about George when the evidence comes out about her daughter? Given would like to hear some of that, wouldn't he? You don't bluff me, Shale. You don't touch me, and you know it. Why, the tale I could tell about your loving wife would ruin you. No, get out. I'm not afraid of you."
"Very well, Mrs. Winchell; you have made your choice, not such a wise one as your friend Gibbons, but still—" he shrugged his shoulders. "We may as well be quite clear about

New York, August 4.—(P)—The cotton market recovered more than half of yesterday's severe decline during today's trading. Offerings were much smaller following the heavy liquidation of the previous day, while there were rallies in Liverpool and Alexandria, and weather reports seemed less favorable. These features, combined with the improved technical position, evidently led to covering, and the market advanced to 17.40 for December or 57 points above yesterday's closing quotation. The market opened firm at an advance of 38 to 43 points in response to much better Liverpool cables than due from the New York close of yesterday and the firmer tone of the futures market for Egyptian cotton in Alexandria. Private reports of heavy rains in various parts of the south also promoted buying, but the opening advance met a renewal of liquidation, which suggested that the long accounts, carried over the break of the previous day, had been unsettled by the sharp decline in prices. Offerings were absorbed on reactions of about 20 points from the high, however, and the market firmed up again during the afternoon, when there was renewed covering and some buying attributed to the replying of long accounts, on which profits had been taken before yesterday's break. It was reported that trade interests had bought a good many contracts liquidated by speculative holders on Wednesday, and some further trade buying.

New Five Points Bright Beacons To Shine Tonight

Tonight—promptly at 7 o'clock—Atlanta's star of glory will blaze with a new brilliant light. Five points will be placed in service for the first time. Night lights at Atlanta's famous busy spot will be increased 300 percent by the installation of the newest and most modern system of whiteway lighting and they will form a star in the night sky of the downtown business district in the city, since the beacons have been installed for a block along each of the streets which converge to form five points.

CITY PHYSICIAN UNABLE TO FIND INSTRUMENT KIT

Dr. S. D. Warnock, city physician, Thursday night continued a search for his medicine kit containing several hundred dollars' worth of instruments, which mysteriously disappeared during the storm which hit his office. Dr. Warnock placed the search in his machine when he left home at 8:35 Oklahoma road, but when he reached the office it was missing. No report of the lost articles had been received at a late hour Thursday night.

TWO JAMES STEEDS, ONLY ONE INDICTED

Due to similarity of names, James Steed, son of E. E. Steed, of 45 Atlanta avenue, has requested the constitution to state that he was not the James Steed mentioned in recent news dispatches as having been indicted jointly with J. C. Watkins on a charge of automobile theft.

Steed and Watkins were named in a true bill returned Tuesday by the Fulton county grand jury on a charge of stealing an automobile. The property of R. L. Harris, of 1225 Peachtree street, which they drove out Peachtree road and failed to stop the vehicle, was recovered by the police. The state game and fish department. They were also indicted for failing to stop after the accident, a misdemeanor.

Farm Department Cost \$347,504 in Six Months, Revealed

Salaries took up \$192,140.01 and traveling expenses \$35,102.09 of the \$347,504 disbursements of the state department of agriculture for January 1, 1927, to June 30, 1927, according to exhibits in the department audit issued by S. J. Slate, state auditor.

In addition there was an item of \$8,742.36 for salaries and \$849.25 for traveling expenses listed as paid from the state treasury for "other funds" during the period.

Compensation of oil inspectors took up more than one-third of the salary item, \$76,071.87.

During the period covered by the audit the department turned into the state treasury \$80,431.00 on item listed "oil inspectors accounts," the audit showed. Another item listed "oil inspectors fees" shows payments of \$354,800.43 into the treasury, leaving an expended balance under disbursements of \$153,257.75.

Feed inspection fees provided \$29,353.93 for the state treasury, and fertilizer inspection \$208,731.20. All of the fertilizer inspection fees went into the treasury.

The food and drug laboratory operated during the six months period on a management for the state treasury. It received \$12,473.35 of the department cost \$1,357.60. The insecticide fund came to \$1,215.27. Operation of the department's chemical laboratory cost \$2,730.00 in addition to \$2,423.61 in salaries. Contingent disease fund expenditures came to \$5,335.59. Tick quarantine work accounted for \$1,473.35. In addition to salary and traveling expenses of \$2,078.42. From the hog cholera serum fund \$6,000.00 was expended for the purchase of serum on \$37,439.10 in addition to salary costs of \$1,454.17. Fertilizer inspection cost \$57,350.46.

The Day in Finance

BY R. L. BARNUM
New York, August 4.—New York Federal Reserve bank directors today reduced the rediscount rate from 4 to 3 1/2 per cent following similar reductions in St. Louis and Kansas City. The rate in New York was then dropped to 3 3/4 per cent.

Some specialties were strong but the stock market as a whole was quiet. The market was a little higher than yesterday's closing. Wall Street is still trying to make up its mind regarding the outcome of the Coolidge announcement. The feeling, however, is growing that from now on policies will be more of a factor in the general situation and outlook.

Oil shares made the best showing as a group in today's market. A reduction of 20,000 barrels was reported in the daily output of the Seminole field compared with the recent new high production in this field which has been largely responsible for the trouble making oversupply of crude fluctuates several thousand barrels a day. It is possible that the high daily production for this territory has not as yet been recorded. However, there has been a strong effort to keep the price of oil shares high. The market is undoubtedly reflects short covering.

Much interest was displayed by Wall Street in the recommendation of a special examiner of the interstate commerce commission after a hearing on the proposed new Georgia railroad to declare a \$30,000 stock dividend. If this recommendation is followed by the commission, stockholders will be entitled to a dividend of \$30,000. The interstate commerce commission is maintaining freight and passenger rates at a level which will permit the carriers to earn a fair return or capital investment, the return now being fixed at 5 3/4 per cent.

Erie common and first preferred were active and strong. Erie common, which has never received a dividend, almost up to the preferred which is not cumulative but entitled to a dividend of 6 per cent. The Erie common is being held by the new management which represents large stockholders will make a success where the company remains independent or is merged with the Van Sweringen merger. This is the first time in general.

RAIN IS OUTLOOK FOR CITY FRIDAY, SAYS FORECASTER

"More rain." In these laconic words, C. F. von Herzig, chief of the weather bureau, today forecasted a big storm and shower may up on the day of Atlanta's Trust Company building. Thursday cast a wet blanket over the hopes of Atlantans for a fair day.

As if the intermittent sprinklings of Thursday, which Mr. von Herzig said were only "passing showers," which made the streets and sidewalks dripping, were not enough, it was enough to come out of the rain might wet, were not enough, Mr. von Herzig got out his new umbrella and calmly asserted a steady downpour of rain.

New York, August 4.—(P)—The stock market today gave an impressive demonstration of strength. The unseasoned created by yesterday's drastic opening break on selling inspired by the president's statement appeared to have vanished although the political consequences therefrom continued to be a matter of widespread comment in market circles. Judged by the averages, industrial stocks recovered practically all the ground lost yesterday, with about 30 issues soaring to record high levels, but the advance in the movement into higher ground.

Public utilities recorded substantial advances in further reflection of good earnings reports of various companies. United Gas Improvement and Mohawk Hudson Power were particularly buoyant, soaring 3-1/4 and 4-1/2 points, respectively, to new highs for the year. Associated Gas and Electric also displayed outstanding strength.

CIGARETTE COMPANY BUYS GEORGIA WOOD

The Southern Tobacco corporation, of Atlanta, manufacturer of Cavalier cigarettes, is maintaining buyers in south Georgia markets and will use Georgia tobacco to an great degree as possible, according to announcement Thursday by H. G. Davidson, vice president and general manager.

"The Cavalier Tobacco company, which is our local department," Mr. Davidson said, "already has made extensive purchases in the south Georgia markets for us, and these are being shipped to our plant at 325 Marietta street."

"We recognize the importance, in view of the fact that we are a Georgia company, of the first and the first of a new high level with apparently new in sight. Wall Street men whose opinion is highly valued were quoted as saying that the new high level of the first signs that the bull stock market was over would be found in indications of congestion in the market for new securities. From the foregoing figures it appears that the first signs of a slowing down in the market for new securities came in May. It was the middle of June before Wall Street frankly admitted that there was congestion in the market for new securities. It began to slow down on new offerings for the purpose of correcting the situation."

MOTHERS' AID MEASURE PASSES UPPER HOUSE

Only one vote in the senate Thursday was recorded against the mothers' aid bill, the measure to permit mothers to keep their children with them and raise them themselves, to aid in their education and prepare them to meet life.

Big Still Seized BY HEART OF CITY

Within a few hundred yards of Atlanta's baseball park, county police Thursday conducted a raid that netted a 60-gallon copper still, 900 gallons of beer, five gallons of "white rum" and 11 barrels of mash, and the arrest of J. McEachern, of 509 Glen Iris drive.

GASOLINE LARCENY CHARGED TO STONE

Self-service seeming to be the order of the day in canteens and grocery stores, a man today was charged with the larceny of gasoline from a filling station at 261 Boulevard street by helping himself to a generous quantity of gasoline during the early morning hours of Thursday, according to police.

Erlanger.

"The Wildflower" closes its run at the Erlanger theater with three more performances tonight, Saturday afternoon and night.

"Pom Pom," the popular musical comedy of the underworld, will close the season next week, advance sale now being in progress at the Erlanger box office. Cable Piano company and M. Rich & Bros.

The two final productions of the season are both excellent comedies, with highly amusing stories developed in fast moving and exciting action and featured with the most singular music written during the last decade.

Keith's Georgia.

"The Orpheum Road Show, No. 6," appearing this week at Keith's Georgia theater has "Doc" Baker as the star performer and he has surrounded himself with an excellent company of star acts. Baker, as a quick change artist, probably has no equal on the stage at the present time. He makes several complete costume changes, including hats, shoes and the entire suit, almost while one takes a short breath. A chorus of eight comely young ladies comprise the background for many of the song hits of the show.

Capitol.

Kemper and Bayard call their act "Hokum and How" on the Pantages bill at the Capitol this week. The act

Capacity audiences were in attendance yesterday at the Metropolitan theater for "That Model From Paris."

Enrico Leide and the Metropolitan orchestra, a Mack Sennett comedy, "The Marriage of Figaro," a Literary Digest Novelty and the Metropolitan News and Views are also on the bill.

"On 3 Boulevard," starring Lew Cody and Renee Adoree, will be the attraction at the Metropolitan theater next week. This is said to be one of Metro-Goldwyn-Mayer's special photo-plays.

Rialto.
W. C. Fields brings the week's merriest comedy to the Rialto theater in "Running Wild." The secondary feature of the week's program is the eighth episode of "The Viceroy," a brilliant continuation of the popular series that have been scored by these short subjects.

HIGH LIGHTS OF HISTORY

TELL THE BOYS IN THE BAGGAGE CARS TO KEEP OUT OF SIGHT, BUT TO BE READY TO FIGHT IF NECESSARY.

COME ON MURPHY! THOSE ARE YANKEES RUNNING AWAY WITH MY TRAIN AS SURE AS YOU'RE A FOOT HIGH!

AFTER STEALING A LOCOMOTIVE AND THREE BAGGAGE CARS FROM THE CONFEDERATES AT BIG SHANTY (GA.), ANDREWS AND HIS UNION RAIDERS SPED AWAY TO THE NORTH ON THEIR BRIDGE-BURNING MISSION. THERE WAS NO TELEGRAPH STATION AND NO OTHER LOCOMOTIVE AT BIG SHANTY, SO FOR THE MOMENT NO PURSUIT WAS FEARED. AS THEY NEARED ETOWAH STATION, HOWEVER, THEY STOPPED, CUT THE WIRE AND LOOSENED A RAIL BEHIND THEM.

THE UNEXPECTED THEFT OF THE TRAIN HAD BEWILDERED MOST OF THE CONFEDERATES LEFT BEHIND AT BIG SHANTY, BUT TWO MEN DIVINED THE TRUE SITUATION AND STARTED IN PURSUIT ON FOOT. THESE WERE FULLER, THE CONDUCTOR, AND MURPHY, ANOTHER RAILROAD EMPLOYEE.

THEY HAD GONE FAR, FULLER AND MURPHY FOUND A HAND CAR BESIDE THE TRACKS AND, MOUNTING IT ON THE RAILS, TOOK UP THE CHASE AT A FAIR RATE OF SPEED.

SUDDENLY, AND WITHOUT WARNING, THE HANDCAR STRUCK A PLACE IN THE TRACKS WHERE THE RAIDERS HAD LOOSENED A RAIL AND THE TWO PURSUERS WERE THROWN INTO A DITCH.

CONTINUED TOMORROW

is practically all dialogue, but it's so fast, so snappy, so filled with subtle humor that the audience starts out chuckling and finishes roaring. It is an ideal act to follow the revue headed by Fred Bowers, the popular song composer, and the two offerings combined serve to make this week's bill at the Capitol possibly the best yet offered by the Pantages people.

Loew's Grand.
Unique and novel is the attractive act, "Midget Pastime," at Loew's Grand theater this week. Other acts on the bill are Jean Granes, prima donna, assisted by one of the Broadway comedians, Jack Donnelly and working comedians, Jack Donnelly and company in a big dancing revue; Arthur Lord, human card index and Gaudier's Phonograph Dogs. Tom Mix is the star in "Outlaws of Red River," a stirring romance of the activities of the Texas Rangers.

Howard.
Take a tip from us, if you are one of the remaining few theatergoers in Atlanta who have not yet seen "Beau Geste" at least once, then we advise you to rush down to the Howard theater before it is too late. This thrilling mystery story of the French Foreign Legion has literally taken the town by storm and is proving the greatest drawing card the Howard has ever had, according to an announcement by the Howard management.

On the stage Al Short and his Melody Boys in "Hot Tots" furnish plenty of good stage entertainment.

Metropolitan.
Capacity audiences were in attendance yesterday at the Metropolitan theater for "That Model From Paris."

Enrico Leide and the Metropolitan orchestra, a Mack Sennett comedy, "The Marriage of Figaro," a Literary Digest Novelty and the Metropolitan News and Views are also on the bill.

"On 3 Boulevard," starring Lew Cody and Renee Adoree, will be the attraction at the Metropolitan theater next week. This is said to be one of Metro-Goldwyn-Mayer's special photo-plays.

"On 3 Boulevard," starring Lew Cody and Renee Adoree, will be the attraction at the Metropolitan theater next week. This is said to be one of Metro-Goldwyn-Mayer's special photo-plays.

Rialto.
W. C. Fields brings the week's merriest comedy to the Rialto theater in "Running Wild." The secondary feature of the week's program is the eighth episode of "The Viceroy," a brilliant continuation of the popular series that have been scored by these short subjects.

"Ponce de Leon." Having been acclaimed by critics the world over and having been named

Capacity audiences were in attendance yesterday at the Metropolitan theater for "That Model From Paris."

TELL THE BOYS IN THE BAGGAGE CARS TO KEEP OUT OF SIGHT, BUT TO BE READY TO FIGHT IF NECESSARY.

COME ON MURPHY! THOSE ARE YANKEES RUNNING AWAY WITH MY TRAIN AS SURE AS YOU'RE A FOOT HIGH!

AFTER STEALING A LOCOMOTIVE AND THREE BAGGAGE CARS FROM THE CONFEDERATES AT BIG SHANTY (GA.), ANDREWS AND HIS UNION RAIDERS SPED AWAY TO THE NORTH ON THEIR BRIDGE-BURNING MISSION. THERE WAS NO TELEGRAPH STATION AND NO OTHER LOCOMOTIVE AT BIG SHANTY, SO FOR THE MOMENT NO PURSUIT WAS FEARED. AS THEY NEARED ETOWAH STATION, HOWEVER, THEY STOPPED, CUT THE WIRE AND LOOSENED A RAIL BEHIND THEM.

THE UNEXPECTED THEFT OF THE TRAIN HAD BEWILDERED MOST OF THE CONFEDERATES LEFT BEHIND AT BIG SHANTY, BUT TWO MEN DIVINED THE TRUE SITUATION AND STARTED IN PURSUIT ON FOOT. THESE WERE FULLER, THE CONDUCTOR, AND MURPHY, ANOTHER RAILROAD EMPLOYEE.

THEY HAD GONE FAR, FULLER AND MURPHY FOUND A HAND CAR BESIDE THE TRACKS AND, MOUNTING IT ON THE RAILS, TOOK UP THE CHASE AT A FAIR RATE OF SPEED.

SUDDENLY, AND WITHOUT WARNING, THE HANDCAR STRUCK A PLACE IN THE TRACKS WHERE THE RAIDERS HAD LOOSENED A RAIL AND THE TWO PURSUERS WERE THROWN INTO A DITCH.

CONTINUED TOMORROW

is practically all dialogue, but it's so fast, so snappy, so filled with subtle humor that the audience starts out chuckling and finishes roaring. It is an ideal act to follow the revue headed by Fred Bowers, the popular song composer, and the two offerings combined serve to make this week's bill at the Capitol possibly the best yet offered by the Pantages people.

Loew's Grand.
Unique and novel is the attractive act, "Midget Pastime," at Loew's Grand theater this week. Other acts on the bill are Jean Granes, prima donna, assisted by one of the Broadway comedians, Jack Donnelly and working comedians, Jack Donnelly and company in a big dancing revue; Arthur Lord, human card index and Gaudier's Phonograph Dogs. Tom Mix is the star in "Outlaws of Red River," a stirring romance of the activities of the Texas Rangers.

Howard.
Take a tip from us, if you are one of the remaining few theatergoers in Atlanta who have not yet seen "Beau Geste" at least once, then we advise you to rush down to the Howard theater before it is too late. This thrilling mystery story of the French Foreign Legion has literally taken the town by storm and is proving the greatest drawing card the Howard has ever had, according to an announcement by the Howard management.

On the stage Al Short and his Melody Boys in "Hot Tots" furnish plenty of good stage entertainment.

Metropolitan.
Capacity audiences were in attendance yesterday at the Metropolitan theater for "That Model From Paris."

Enrico Leide and the Metropolitan orchestra, a Mack Sennett comedy, "The Marriage of Figaro," a Literary Digest Novelty and the Metropolitan News and Views are also on the bill.
